**SUBJECT:** Submission of manual of organization issued  
by CP Cyprus

1. In case you have not received the manual of organization issued by CP Cyprus in 1947 and 1950, the attachment may be of interest. CP manuals on organization are rare, and furnish good insight into the operational methods of the Communist Party.

2. It would be appreciated if any similar manuals, issued by foreign Communist Parties, which you may have acquired, could be transmitted to this office.
